

Small Business Reference Center - Basic Searching

The Basic Search screen is the default search screen in *Small Business Reference Center* and offers keyword searching as well as the ability to browse by category, browse popular sources, and browse start-up information by state.

To create a Basic Search:

1. From the Basic Search Screen, enter your search terms in the **Find** field and click **Search**.

2. A Result List of articles that match your search is displayed. You can also choose to narrow your results by source type in column on the left.

3. Click on an article title to view the detailed record or click on a full text link to read the full article.

Notes:

- If you click the **Small Business Reference Center** logo, you are returned to the Basic Search page with all your search terms *cleared* and any configured search parameters *reset*.
- If you click the **Advanced Search** link, you are taken to the Advanced Search Screen with all your search terms *cleared* and any configured search parameters *reset*.
